We send per this mail, in another enclosure, the Prospectus and some sample pages of a unique work, we have had in preparation for over a year past, and which is now in course of publication under the title of.

"Pictorial Saint Louis"

"The great metropolis of the Mississippi Valley" for which we solicit your subscription.

We ask your attention to the annexed recommendations which will commend the work to your respectful consideration, and upon examination, we trust its merits will secure your patronage, and that you will fill up and return the enclosed Subscription blank at your earliest convenience.

Owing to the great cost of the work only a sufficient edition will be printed to supply the subscription list, and <sup>the</sup> Book will not be on sale when printed, consequently it will be "out of print" as soon as published, thus making a rare volume of great intrinsic merit and a most interesting and valuable addition to any library.

The Book will be ready for delivery some time in October next.

Dear Mr Mackeod

I have your  
letter and am much obliged  
for information —

The enclosed  
sketch is from Barye  
and is his idea of a  
pedestal for the "Centaur".  
is your idea marble?  
If so it should I take  
it be black or red —  
The old gentleman was  
very ill — it was

learned his end was  
closed at hand — The  
little sketch was the  
last and only thing he  
had paid any atten-  
—tion to for some time,

Look at the

Tribune of yesterday  
(9th) for Clarence Cook's  
account of the Academy  
Ex in New York — The  
best & fairest writer  
on art matters in New  
York — even this

I think is not unfavour-  
—able enough — I feel  
sure of it — I sent  
the article to Mr. Shipp,

I want to come  
over and see <sup>you</sup> and will  
do so next week —  
after Wednesday —

The gentleman  
in charge of Mr.  
Winchell's affairs writes  
20th March they were  
getting the "Casts" ready  
(the remaining ones from  
Hornet) to ship to ship,
